A MEETING OF THE EMPLOYING SHIPWRIGHTS and earliers was held on Friday evening, 24th inst., at the East Broadway flouse, corner of East Broadway and Pike street, to take into consideration the matter of a "trike" made by the journeymen in their employ for an advance of wages. Mr. Peter held have a select to the chair, and Richard Poillon was appointed Secretary. The following regolutions were offered and unanimously adopted: Received, That we have a high and respectful appreciation of the rights as well as the dignity of labor, and fully recognic the principle that "the laborer is worthy of his inte." Received, That we have a lively sympathy with the working classes generally, and especially with that portion connected with the business in which we are engaged, and are at all times ready to co-operate with them is any and every measure tending to their abbtantial and permanent good; but believing, as we sincerely do believe that the recent movement among them, contemplating a demand for an advance of their wages from \$2.90 to \$5 per day, will in no wise subserve, but, on the contrary, be ceriously detrimental to their interests, by diverting business from this port, by throughing our city with mechanics from other sections of the country, and thus be the means of diminishing their chances of employment, therefore.

Resolved, That we deem it inexpedient to comply with their demand, and respectfully recommend to them a recensideration of their determination to "strike," at present, for any further advance upon the current rate of wages.
